DEACTIVATION OF www.ice.if5.com / <http://data.theice.com>

Dear Client,

Please be advised that the Exchange will decommission the IF5 platform currently accessed via www.ice.if5.com and or <http://data.theice.com>

The deactivation process will occur in February 2021. You will find below optional alternative services for the existing relevant source

FTP - [ftp.ice.if5.com](ftp://ftp.ice.if5.com)

For users currently subscribed to the All Futures End of Day FTP Package, you are advised to transition and subscribe to our MFT Package. This service provides access to End of Day reports containing settlement prices, open interest, and volume data. These files are delivered (in CSV format) via Managed File Transfer (MFT). However, you can use an FTP application to access the files, such as FileZilla. The different packages and what they contain, along with the subscription fees, are listed below:

- ICE Endex Futures and Options - \$2500
- ICE Futures U.S. Canadian Grains Futures and Options - \$1000
- ICE Futures Europe - Commodities Futures and Options - \$2500
- ICE Futures Europe - Financials Futures and Options - \$2500
- ICE Futures Singapore Futures and Options - \$0
- ICE Futures US (Commodities and Financials) Futures and Options - \$2500

To view the markets included in the above packages, please open the subscription agreement:
